

100% Post Consumer PET Fiber

Offered by **KILOP USA, Inc.**

Finally, a high quality, post consumer PET fiber that can be used in the hydroentanglement and other demanding nonwoven processes!

Let us provide you with an environmentally friendly fiber and continue to care for our world at competitive pricing!

Nature Spun[®] is high quality recycled PET fiber with a nearly **limitless denier range**.

Consistency in the fiber insures that the fiber processes well in high speed carding.

Nature Spun[®] also provides certification of the postconsumer supply chain
